MODIFICATION SYSTEM AND METHOD

Thanks Alistair.
I have reviewed the documents and everything seems accurate.
Feel free to let me know if you need anything else from me.

Ray

MODIFICATION SYSTEM AND METHOD

Hi Ray,
        This is a reminder that we are still awaiting your comments relating
to the patent application that is attached below. David Kammer has already
provided me with comments on the application. Please review the application
and provide me with your comments at your earliest convenience. Thank you.

Best regards,
Alistair

> Gentlemen:
>
> We represent your employer, Palm, Inc., and have prepared the above
> referenced patent application for them at their request. Enclosed please
> find a draft of the patent application which has been prepared in
> accordance with the invention disclosure materials.
> Please thoroughly read the application draft, including the specification,
> claims, and drawings, to ensure that it provides a complete and accurate
> description of the invention. The attached "Inventor Information Sheet"
> provides a brief explanation of the parts of a utility patent application,
> the duty of disclosure, and inventorship. Please feel free to supplement,
> correct, or modify any part of the application.
> During your review, you should keep in mind that independent claims 1, 18,
> 30, and 38 are the broadest statement of the invention, and the remaining
> dependent claims add limitations to further define different embodiments
> of the invention.
> Please provide your comments to me at your earliest convenience by any
> means that you find convenient (phone, fax, e-mail, etc.). As soon as all
> of the inventors comments are collected a revised application will then be
> submitted to you along with formal papers for execution.
>   If you have any questions, please do not hesitate to contact
> me. I look forward to receiving your comments on the application within
> the next week.
